

REDISCOVER DESIGN WITH THE BE-LINE® SHOWER STOOL

Life is sweet, take a seat with the Be-Line® shower stool

3 finishes

Comfort: large ergonomic seat

Tested to over 200kg

Ref. 511418BK

DELABIE, expert in sanitary equipment for people with reduced mobility, has extended its Be-Line® range with its sleek shower stool. This new product has been developed to ensure comfort, modernity and serenity for everyone.

A shower stool for everyone

The Be-Line® shower stool creates a feeling of well-being by making the shared use of washroom areas more pleasant. It has been designed to be comfortable for both users and staff. Its wide, ergonomic seat provides maximum comfort.

Design: the heart of the Be-Line® range

The Be-Line® shower stool makes an effective contribution to eliminating the stigmatising and medicalised aspect of equipment designed to improve access for people with reduced mobility. It fits perfectly into showers in healthcare facilities and also in hotels. Like the rest of the Be-Line® range, this shower stool is available in 3 finishes: white, metallised anthracite or black, so it will fit in with any environment. This Be-Line® shower stool is the perfect answer to the challenge of making washroom facilities both pleasant and accessible. Its clean, discreet lines blend naturally into the decor.

Flawless safety

Like all DELABIE products, the Be-Line® shower stool is guaranteed for 30 years and tested to over 200kg.

In public places, the user's weight is unknown, so the products installed must be stable and able to withstand all circumstances.

The shower stool's stainless steel frame guarantees robustness and exceptional stability. The shower stool's four legs are also fitted with protective plastic caps to keep the shower stool securely in place.

The Be-Line® shower stool has been designed to last: its seat is made from high-strength polymer to withstand intensive use in public places or hospital environments.

Easy to maintain for impeccable washroom facilities

The Be-Line® shower stool has been designed with everyone in mind: users and maintenance staff alike. Its flat seat and streamlined design make it easy to clean, ensuring that it meets hygiene standards.

It is also disinfectant-resistant (povidone-iodine), making it easier to clean.

The shower stool has concealed fixings to prevent bacterial niches. Installing the Be-Line® shower stool is extremely quick and easy, and it can also be moved or stored in the blink of an eye.

DELABIE designs its products with maintenance staff in mind: easy to install, service and maintain.

PRODUCT BRIEF / BE-LINE® SHOWER STOOL

Its adaptability makes it indispensable in facilities that accommodate people with reduced mobility. Easy to move, it allows the shared use of washroom areas. Its solid, ergonomic seat and wings offer maximum comfort and a feeling of reassurance for the user. Its sleek design and 3 different finishes make it suitable for any bathroom. Its legs fitted with protective caps, ensure total safety. Ideal for use in hospitals, care homes, social housing, hotels, etc.

DELABIE, manufacturer's expertise

DELABIE, a 100% family-owned French company, founded in 1928, is the European market leader in water controls and sanitary equipment for public and commercial places. The company offers five product ranges specifically for this market: Commercial water controls, Hospital water controls, Accessibility and Hygiene accessories, Stainless steel sanitary ware and Specialist water controls. Over 2,000 DELABIE manufactured items, including international references, are exported from its factory in France to more than 90 countries. The company has 10 subsidiaries worldwide: Germany, Austria, Belgium, the Netherlands, United Kingdom, Spain, Portugal, Poland, United Arab Emirates (Dubai) and China (Hong-Kong). For many years, DELABIE has placed ecological concerns at the heart of its philosophy, offering products that are as stylish as they are responsible and sustainable. For our facilities, production methods, dematerialization, packaging, employee commitment... DELABIE is proud to have received the ECOVADIS gold medal in 2024.
