

HIGHFLOW COMPACT AIR PULSE HAND DRYER

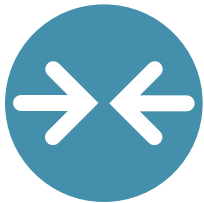

Ultra fast, ultra compact: ultra DELABIE

Infrared automatic detection

304 stainless steel: reduces bacterial development

Ultra compact hand dryer

High-speed: dries in 10 - 12 seconds

Ref. 510625S

The DELABIE Group, expert in sanitary equipment for public places has extended its range with the new HIGHFLOW Compact air pulse hand dryer HIGHFLOW Compact available with polished satin and bright polished stainless steel finishes. This ultra compact and ultra fast model is ideal for use in public and commercial places.

Design

Designed to meet the needs of public places, the HIGHFLOW Compact hand dryer combines elegance and practicality. Available in polished satin and bright polished stainless steel finishes, it suits any decorative style, from minimalist washrooms to contemporary designs. Its one-piece cover, made from bacteriostatic 304 stainless steel, is easy to maintain and guarantees optimal resistance, making it both an aesthetic and a practical choice.

Efficiency and comfort

Good hand hygiene requires effective hand drying. DELABIE's HIGHFLOW Compact hand dryer is ultra fast. The central nozzle directs air onto the hands at over 360 km/h. Hands are dried in just 10 - 12 seconds. For greater efficiency and improved ergonomics, hands are detected automatically and the nozzle is illuminated. Straightaway the user can see where to place their hands. Smart technology automatically shuts off the HIGHFLOW Compact when hands are removed. A concealed switch, offering the choice of warm or cold air during installation, improves comfort.

Suitable for intensive use

As with all DELABIE's products, the HIGHFLOW Compact hand dryer has undergone performance tests to ensure that it will withstand use in challenging environments. It is specifically designed for intensive use in any type of public or commercial places with low or average footfall. The entire range of DELABIE's hand dryers is guaranteed for 3 years. The HIGHFLOW Compact hand dryer is also available as a standard model (Ref. 510622) suitable for high footfall environments.

Highly resistant to vandalism

Vandalism is a particular issue for places subject to high footfall. The HIGHFLOW Compact hand dryer is made from stainless steel, and is able to withstand vandalism thanks to its robust design and its anti-blocking system. If the hand dryer is used continuously for more than 60 seconds, it stops automatically. And, to prevent theft, which occurs frequently in public and commercial buildings, this new hand dryer features anti-theft screws.

PRODUCT BRIEF/ HIGHFLOW COMPACT AIR PULSE HAND DRYER

DELABIE, manufacturer's expertise

DELABIE, a 100% family-owned French company, founded in 1928, is the European market leader in water controls and sanitary equipment for public and commercial places. The company offers five product ranges specifically for this market: Commercial water controls, Hospital water controls, Accessibility and Hygiene accessories, Stainless steel sanitary ware and Specialist water controls. Over 2,000 DELABIE manufactured items, including international references, are exported from its factory in France to more than 90 countries. The company has 10 subsidiaries worldwide: Germany, Austria, Belgium, the Netherlands, United Kingdom, Spain, Portugal, Poland, United Arab Emirates (Dubai) and China (Hong-Kong). For many years, DELABIE has placed ecological concerns at the heart of its philosophy, offering products that are as stylish as they are responsible and sustainable. For our facilities, production methods, dematerialization, packaging, employee commitment... DELABIE is proud to have received the ECOVADIS gold medal in 2024.
